Description

The “**Second Amendment**” model gun safe offers customers a durable attractive black finish that is accentuated with gold pin stripping and gold finished lock and handle.

These safes come standard with a LaGard Brass Combination Dial & Mechanical Lock.

These safes are equipped with a spring loaded active re-locker that helps provide additional protection in the event of a burglary attempt where the lock is attacked and knocked off. These safes are constructed of 12 gage body and 1” laminate door construction which is secured (7) active (4) passive solid steel locking bolts. They are equipped with Anchoring Holes for bolt down purposes. These safes provide 45 minutes of fire protection with a space age fire seal.

This model features a (3) section gun rack that is slotted for a maximum capacity of 25 long guns.

The fully upholstered grey interior includes (2) Adjustable shelves. These fully adjustable and/ or removable carpeted shelves provide additional room for securing more than just your guns and ammunition. These safes can be used for securing coin collections, stamp books, jewelry cases, and documents in addition to all your other important valuables.

Electronic Lock Available for Additional \$75.00
